Discover the Best of Key West

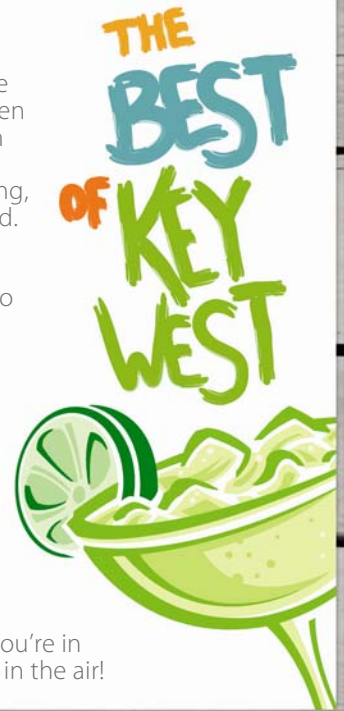

Breezes celebrates its one-year anniversary

A fresh new brand of fun started blowing into the West Village at Orange Lake Resort a year ago and as it celebrates its anniversary, *Breezes Restaurant & Bar* has even more in store. With the unveiling of a new menu featuring reduced prices and signature dishes, there's never been a better time to discover the best of Key West.

The gentle Alizé wind has brought many staples of Key West across the Gulf to *Breezes* over the past year. One of the most popular additions has been the nightly Sunset Celebration, which drifted all the way from Mallory Dock with fanciful street performers, dancing, games, specialty drinks and great food.

Rain or shine, you can settle in for refreshing snacks and drinks, thanks to the climate-controlled indoor/outdoor bar that's always ready for fun. Take advantage of one of the new value meals at *Breezes Express* or enjoy a delicious sit-down dinner as a family (remember, kids always eat for under \$5). Whatever your pleasure, you'll always feel comfortable and welcome.

With only a year under its belt, this special place is just getting started. Be sure to stop by *Breezes* next time you're in the neighborhood to see what's new in the air!
